Why is Bamboo Flooring a perfect fit for your home?

ELEGANT

Aesthetically, Bamboo Flooring offers a distinctive, clean, elegant finish with eight variations to compliment any interior whether traditional or contemporary.

ENDURING

Made of compressed Bamboo strands which are twice as hard as traditional Jarrah. More resistant to daily wear and scratching than other hardwood species.

SUSTAINABLE

A highly sustainable product made from plantation grown Bamboo stems which are harvested every five to seven years.

EASY TO INSTALL

Engineered to perfection with an easy click system. No glues or screws are required, just standard woodworking tools.
